

OUTREACH NEWSLETTER

WEEK 4 - 21 JAN - SOUTH AFRICA

WEEKLY RECAP

Travel week!!! 30h of travel, with an 8h layover in Qatar. We have had the most massive cultural changes, with the rural lifestyle in Nigeria compared to the luxury and shopping centers in Qatar airport, to South Africa which has incredibly diverse culture, wealth and landscape. We had some very sad goodbyes with our friends in Nigeria, but have been welcomed really well here. South Africa feels more Western, especially the seaside town where we are; coffee shops, supermarkets, surfing etc. The Muizenberg YWAM base where we are located is comprised of different buildings around the town; we live a few minutes' walk from one of the main buildings, in a student boarding house. We are living with some other students and a couple of staff. They are from all over the world, which is so much fun.

It was hard saying goodbye to our new friends

PRAYER POINTS:

- Please pray that we enter all the new ministries well.
- For an easy transition between Nigeria to South Africa.
- Wisdom and safety for our team since there is a lot of crime in this nation.

Arrived and doing well in YWAM Muizenberg

Many MANY hours of travel, thank God it all went well.

TESTIMONIAL

I just want to praise the Lord for protecting our travels from Nigeria to South Africa. Traveling can be a bit tricky with transfers, plane food and strength. I can proudly say that the team had such amazing spirits the whole time and kept encouraging each other with braiding hair, sharing snacks, teaching each other a new language... etc. We have really become a close knitted team that look out for one another. Whenever we have a need we pray and seek the best for one another. ///Happy staff!
